

A summary of the last P and F meeting held on 9th September.

- There was a review of the Quiz night which had around 140 in attendance – we felt the quiz night was a success although lacked the support that we have had in the past. We will look at providing a more relaxed Community event early next year.
- Father's Day gifts were well received.
- Review of items that the P and F are funding and how these are progressing. Benches are already in, shade will be put in after building has been painted and funds have been provided to the maths department. Memorial Garden is still in the planning stage.
- There was discussion regarding how the P and F will go forward with such few regular attendees.
- P and F members were invited to view student proposals that sought funding. Date was to be decided when members can attend during school time.

Next Meeting:

5.30pm Monday 11th November in the Administration Building.
