In considering the school's Strategic Intentions over the next three years in Catholic Identity, Education, Community and Stewardship, together with the iterative Improvement Goals (collectively the Catholic School Improvement Plan), priority also needs to be placed on identifying faith formation and mission objectives. These are the foundation to any school improvement goal setting and can permeate across all four pillars.

It is recommended schools focus on three goals across a three-year period. The template below has been provided to schools at Evangelisation Planning workshops over the past 4-5 years and may be modified to suit the school's context. It is primarily based on staff formation because staff cannot effectively evangelise students unless they themselves are suitably formed. The following link to the [Accreditation for CEWA SharePoint](#) may provide a valuable resource for schools. This plan should be reviewed annually and schools are encouraged to utilise support from CEWA's Faith Formation Team. These goals are to be incorporated and infused through the Catholic School Improvement Plan.

### School:

Year: 2022

The Improvement Goals are not intended to capture all the strategic activities of a school but rather prioritise the key areas of focus that will have the highest impact on realising sustained and relevant improvement. Schools are encouraged to limit the number of goals established to maximise depth and impact of strategy. Similarly, this is an iterative document that aligns with the ongoing nature of change that occurs in a school in order to embed processes and practices that lead to a quality Catholic education. Regular monitoring, review and updating of these goals is encouraged and schools may find the addition of notes and/or appendices to capture significant milestones and achievements useful in celebrating success and establishing the next iteration of improvement goals.

There is an expectation that at least one goal for Aboriginal education and Early Years education (if relevant) be included.
