

A summary of the last P and F meeting held on 11th November 2019.

We had a productive meeting at the November P and F meeting and were very happy to be joined by a new member. We looked toward 2020 and made plans for how the P and F would move forward in 2020 and hopefully increase our input from families.

Since our last meeting we had the pleasure of being able to view and discuss proposals put forward by students. We enjoyed the experience as it was very worthwhile hearing directly what the children feel they would like in their school. The P and F were happy to fund many of these proposals.

Upcoming events:

During first term next year the P and F look forward to hosting An Evening on Lumen Green – an opportunity for all families to come together in an informal and fun environment. We also look forward to supporting as needed at the Community Mass that will be held in term 1 – the P and F usually cook and serve the sausage sizzle with the support of the SLT. If you are able to help out on the evening please email the P and F directly and we will be in contact.

New and ongoing business:

Next year we look forward to the children being able to make use of the new shade areas, a memorial garden being completed and a fun community event that have all been funded by the P and F.

Next Meeting:

5.30pm Wednesday 5th February in the Administration Building.
