

# STUDENT CODE OF CONDUCT

## Light of Welcome

### At Lumen Christi College,

We want to feel **welcome**. We want our school to be an **inclusive** and **safe** community where all are **known** and **belong**.

To promote a sense of **welcome** and **belonging** in our Community, we will:

- Embrace the unique gifts and talents of each and every individual
- Recognise and celebrate the diverse cultures within our student population
- Encourage and act to sustain a safe and harmonious school culture by challenging exclusion and actively including others.

We want to feel **encouraged** and **inspired** to develop our gifts, to achieve our personal best and to share our talents for the benefit of others.

To help others feel **encouraged** and **inspired** in our Community, we will:

- Humbly share our gifts and talents for the benefit of others, and our own development
- Actively engage in our learning to achieve our personal best
- Promote and celebrate the successes of all within the community
- Use the positive language of the light of excellence in discussions and school gatherings
- Actively engage in practices that encourage us to reflect on our strengths.

We want to feel **understood** and encourage others to try to understand each other. We want our community to be a place of **respect** and **compassion**.

To promote a culture of **understanding** in our Community, we will:

- Display courteous and respectful behaviour towards others
- Respect others feelings, beliefs and opinions
- Demonstrate leadership through encouraging others, supporting one another and helping those in need
- Report to student leaders, teachers or a trusted adult, when the level of understanding isn't achieved, and consciously work together to improve the situation.

We want to feel **valued** and **appreciated**. We want all students to feel motivated to contribute to our growing community and have their voice **heard**.

To ensure others feel **valued** and **appreciated** in our Community, we will:

- Promote and encourage others to make the most of the opportunities offered at Lumen Christi
- Work collaboratively to develop problem-solving skills and highlight the unique strengths of each individual
- Engage in our learning and apply our knowledge to the wider world
- Reflect on situations and speak to a trusted leader or adult within the community about concerns
- Take steps when we or others do not feel valued and/or appreciated, and endeavour to change that through actively working together and seeking outside support (i.e. teachers, staff or student leaders) to improve the situation.

We strive to develop an **optimistic** outlook about our future and encourage an active gratitude that recognises the **blessings** and opportunities we have received.

To encourage and enrich an **optimistic** culture within our Community, we will:

- Support and uphold the Catholic values that underpin our College culture
- Participate in reflection opportunities provided for the community
- Demonstrate our gratitude for the blessings we have
- Create safe spaces by using the support services provided by the College.

***We, the Student Leaders, have formulated this Student Code of Conduct with a view that all students will continue to feel welcomed, encouraged, understood, valued and optimistic members of our Lumen Christi College Community.***

## Light of Excellence

## Light of Example

## Light of Creativity

## Light of Faith
